➤➤➤ EHES HISPANIC HERITAGE WEEK

Did you know that around 15% of EdHeights students identify as Hispanic or Latino? Our students' families come from many countries including El Salvador, Guatemala, and Ecuador. We appreciate all that these students and their families contribute to our school! The PTA is working to be more inclusive of Spanish-speaking families, including by having Spanish interpretation at our monthly meetings. If there's anything we can do better to promote engagement, please contact us!

VOLUNTEERS NEEDED!

As you may have experienced, the morning and afternoon school carpool continues to be chaotic and hazardous for students and teachers. The school is looking for parents who would be willing to help direct traffic during drop-off and pick-up. If you would be willing to help, please contact Ms. Winchester nwinchester@bcps.org. Thank you for your help!

PLAYGROUND UPDATE

This past month, the Baltimore County Schools grounds crew ordered new parts for the playground. The good news is that this means the playground will be almost completely replaced, but the bad news is that there is no timeline for when the new parts will arrive or be installed. We will keep you all up-to-date as we get more information, and we are hoping to buy playground items for each grade with the proceeds from the fall fundraiser!
